

Smile forward.

Dear Patients,

We are excited to announce that effective October 1, 2020 Prince Orthodontics will now become Burke and Beckstrom Orthodontics! As you may have heard, local St. George orthodontist Dr. Robert W. Prince has decided the time has come to begin his retirement. Prince Orthodontics has a long standing tradition of treating the wonderful people of the St. George and surrounding areas. Dr. Prince's father was St. George's first Orthodontist, and as a native of St. George, Dr. Prince has been serving his patients here since 1983. Dr. Brandon Burke and Dr. Brian Beckstrom, of Burke and Beckstrom Orthodontics, are honored by the trust Dr. Prince has placed in them to continue this great tradition!

Dr. Prince's 754 S. Main Street, St. George office will remain open to serve his patients throughout the month of October. However, starting in November, as a patient of Burke and Beckstrom Orthodontics, you will have the option to be treated at any of our Southern Utah locations, including the Main Street office. If you have any questions about which office location serves you best, please visit our website or call us at 435-673-3334.

Dr. Burke and Dr. Beckstrom share the same vision of the role orthodontics plays in lifting and encouraging our patients to become the best version of themselves - to Smile Forward. Both doctors and their team are fully committed to continuing the tradition of a high standard of care you have come to expect in the past, and are so excited to offer you even greater service moving forward into the future! We warmly welcome the patients and staff of Dr. Prince into the Burke and Beckstrom Family!!!

If you have any questions or need additional information, please visit our website BurkeandBeckstromOrtho.com, or call our office at (435) 673-3334.

Your Friends,
Dr. Burke and Dr. Beckstrom
